*Experience the benefits of buying the finest "ONTARIO PORK"*

To whom it may concern,

Weston Abattoir is a fresh pork wholesaler located near Windsor Ontario. CAN TRAC has recently constructed and installed a traceability program for our company; the system has proven to be very user friendly and adaptable to our needs and can be modified at any time if needed. The staff is very knowledgeable and easy to work with, the entire experience has been great and we would highly recommend CAN TRAC to any suppliers and customers to help them with traceability.

Thanks Sincerely,

Neil Weston.
